INTERSTATE COMMERCE COMMISSION

Rider No. 6 to the Lease Agreement made as of March 15, 1978, between Itel Corporation, Rail Division and the Texas Mexican Railway Company.

1. Rider No. 4 for the Cars bearing the identifying numbers TM 400000 - TM 400149 is hereby amended by deleting such rider in its entirety and by substituting in lieu thereof, the provisions of this Rider.

2. A new Section 1C is added as follows:

"C. Itel Rail and Lessee agree that, as between themselves, Lessee shall be entitled to claim the benefits of any available Investment Tax Credit for Federal income tax purposes in connection with the acquisition of the Cars bearing the identifying numbers TM400000 - 400149 set forth on Equipment Schedule No. 3 to the Agreement. Such Cars shall be new equipment when delivered to Lessee hereunder and Itel Rail agrees to execute such documents as may be required to permit Lessee to claim any Investment Tax Credits relating to such Cars."

3. Section 6A(i) for the Cars bearing the identifying numbers TM400000 - TM 400149 is hereby amended by deleting such section in its entirety and by substituting in lieu thereof, the following:

"(i) Itel Rail shall receive all payments made to Lessee by other railroad companies for their use or handling of the Cars, including but not limited to mileage charges, and car hire payments (both of which payments made to Lessee are hereinafter collectively referred to as "Payments") if the Utilization (as defined below) of all of the Cars delivered to Lessee on an aggregate basis for each calendar year shall be equal to or less than 95 percent and 250 miles per day. For the purpose of this Agreement, Utilization of the Cars shall be determined by a fraction, the numerator of which is the aggregate number of days in each calendar year that car hire payments are earned by Lessee on the Cars, commencing from the Initial Loading, and the denominator of which is the aggregate number of days in each calendar year that the Cars are on lease to Lessee, commencing from the Initial Loading minus the number of days such equipment is undergoing servicing, repair or alteration as provided for in Section 5 unless the same was occasioned by the fault of Lessee. In addition, Itel Rail will receive, as additional rental, all monies earned by the Cars prior to their Initial Loading."

4. Section 6A(ii) for the cars bearing the identifying numbers TM 400000 - TM 400149 is hereby amended by deleting such section in its entirety and by substituting in lieu thereof, the following:

"(ii) The car hire revenues and mileage charges earned by the Cars ("Payments") shall be dealt with as follows:

(a) In the event that the Payments exceed the Payments the Cars would have earned had Utilization been 95 percent and the Average Mileage 250 or more, but less than Utilization of 97 percent and Average Mileage of 250, Lessee shall be entitled to such excess.

(b) In the event that Payments exceed the Payments the Cars would have earned had Utilization been 97 percent and Average Mileage 250, Itel Rail shall receive as additional rent a sum equal to one-half of such excess and Lessee shall be entitled to the other half."

5. Section 6C for the Cars bearing identifying numbers TM 400000 - TM 400149 is hereby amended by deleting such section in its entirety and by substituting in lieu thereof, the following:

"C. If at any time during a calendar quarter, the number of days that the Cars have not earned Payments is such as to make it mathematically certain that Utilization and mileage in such calendar quarter cannot be equal to or greater than 90 percent and 200 miles per day respectively, Itel Rail may, at its option and upon not less than 10 days prior written notice to Lessee, terminate this Agreement as to such Cars as Itel Rail shall determine. Section 3B notwithstanding, Lessee is then at liberty to lease similar Cars from other parties."
